# Developer Circles

from **facebook**

## Developer Circles Mission

Code, Learn, Code

Create active communities for any developer around the world to access information, share knowledge, and collaborate with other developers

## Why join a Circle?

### Connect with other developers

Access an exclusive local Facebook Group community and attend meetups near you

### Engage with local experts

Each Circle is organized and run by local developer Leads

### Learn about latest tech

Learn about bots, AI, IoT, React and other tools

### Build with other developers

Collaborate with developers of all types

- **Petr Prchal**, Delivery Hero
- **Tom Hayton**, Tom Hayton

A person is seen from behind, sitting at a desk in a modern office. They are looking at two large computer monitors. The left monitor displays a code editor with green and blue syntax highlighting. The right monitor shows a dark-themed interface with multiple columns of text, possibly a log or a data table. The desk is cluttered with papers, a laptop, and other office supplies. The background shows a bright, open-plan office with large windows and other desks. The entire image has a blue color overlay.

Thank you !
